Hey all my parents/LC's of 4<sup>th</sup> or 7<sup>th</sup> grade students!

As you may (or may not) know, 4<sup>th</sup> and 7<sup>th</sup> grade students in Utah learn about -- Utah! I know you are taking the K12 History course, but I didn't want you or your student to miss out on learning about our great state, so I purchased this cool online program for you too! The e-studies program is broken down into weeks. It includes online articles and information, as well as weekly online assessments.

Please use this program as a supplement to your schooling. You can access it anytime - it is NOT a part of the curriculum we buy from k12. It will not show up on your OLS, however -- you can add the attendance time into your History on your OLS. \*If you have any questions, comments or concerns, please ask. I am happy to help. If you do not wish to participate in this Online Utah e-Studies program that please let me know.

## Website to go to for Login:
